

## Deferral Policy

If you have applied and cannot attend the semester in which you are enrolled, you may request a deferral within the same academic year. Our academic year runs from September (Fall) – to January (Winter) – to May (Summer).

- Once students have been admitted, they may defer their start date for up to one (1) year from the date of the acceptance into the program.
- Students can defer their offer of admission to the next available intake by submitting the deferral form and any supporting documents.
- **Deferring your offer of admission does not guarantee a seat in the preferred intake and may subject you to receive an alternate offer.**
- Not all deferral applications will be approved.

### Deferral Deadlines

Two weeks before the start date of the semester.

### Deferral Conditions

- You must have accepted the offer of admission and paid the deposit.
- You must submit the Admissions Deferral Form along with any supporting documents.

### Requesting a Deferral

- If you applied with the help of an education consultant or agent affiliated with EduGlobal College, the consultant or agent must request the deferral.
- If you applied directly without the help of an education consultant or agent, please email the completed deferral request form to [admissions@eduglobalcollege.com](mailto:admissions@eduglobalcollege.com).
